Paper

Hassle-free HTML to PDF conversion abstraction library.

Installation

```
composer require asyncphp/paper
```

Usage

```php
// async

$async = new DomDriver();

$result = yield $async
    ->html($sample)
    ->size("B5")
    ->orientation("landscape")
    ->dpi(300)
    ->render();

// sync

$sync = new SyncDriver(new DomDriver());

$result = $sync
    ->html($sample)
    ->size("B5")
    ->orientation("landscape")
    ->dpi(300)
    ->render();
```
